Dear Mr. Johnson:

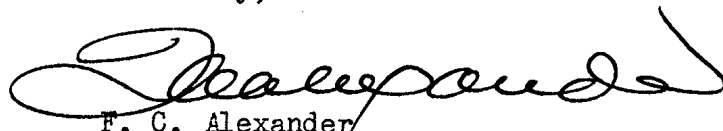

Pursuant to our previous conversations upon the subject, you will find attached P. C. P. B. folder #7, Serial #14, which has been prepared as a staff study upon the subject of National Telecommunications Policy.

Your comments, suggestions, additions or changes with regard to the material in this folder are desired upon an informal basis. These comments and suggestions may take the form of marginal notes in the folder itself if you wish. If this method is used, the absence of any notations on a particular item will be understood to mean that you are not in disagreement.

In view of the limited time remaining to this work, it is desired that the attached folder be returned to the Board by December 30, 1950.

It remains to be seen whether National Telecommunications Policies which are not as yet expressed in this staff study can be completed as the work of this Board or whether they must be carried on as part of a continuing work.

Sincerely,

F. C. Alexander
